WHAT IS UTILE?

The UTILE project
(The EU-Health innovation marketplace)
is funded by the European Commission
under the European H2020 Research
and Innovation Program and coordinated
by PNO Consultants.

UTILE PARTNERS

Utile Market place

UTILE
is the EU-Health valorisation platform
for FP7 Health and H2020 SC1
research results

What is the Marketplace offering?

The MARKETPLACE is a new open innovation tool for the valorisation of the EU funded Health projects' results, to increase their innovation potential.

How does it work?

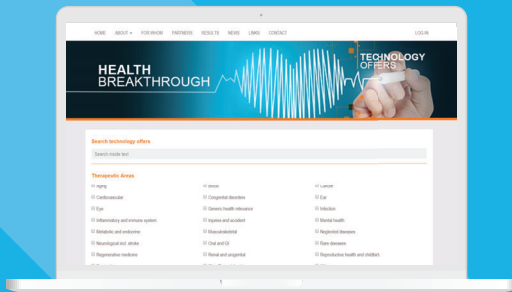

UTILE analysed around 1,200 Health projects within FP7 and H2020 and is identifying the research results with the highest potential for further valorisation and exploitation offering free support services.

Promising results with commercial potential are presented on the platform in two ways:

- Technology offer for licensing or collaboration opportunities
- Investment opportunities

In short: the UTILE Marketplace is the place for you and your valorisation activities!

For Business developers

Are you a **business developer** or an **investor** in the health sector innovation?

UTILE facilitates new partnering possibilities or identifying promising research ideas, ready to commercialize.
