## BROKERAGE, PARTNERING, INVESTMENT AND NETWORKING EVENTS!

Participate in the events which bring together industry experts, investors and selected research projects to network and discuss potential deals. Don't miss the chance to find new business opportunities!

"I participated at a UTILE event where I helped selected EU-funded projects by reviewing their pitch presentations for investors and international companies. Most of those projects are of interest for potential pharma partners because they have a clear licensing potential.

It was a very enjoyable and positive professional experience and I commend the people who are developing those initiatives."
