THE UTILE MARKETPLACE!

The Marketplace provides you with the opportunity to access a filtered list of health projects' results. These projects are waiting for you!

THE UTILE TOOLBOX!

The toolbox contains online courses and best practices on how to "bring research to market" and gives information on issues such as results exploitation, IPR, business plan development, commercialisation strategies, funding opportunities

TRAINING SERVICES FOR PROJECT PARTNERS!

Your project can benefit from online training webinars, focused on building exploitation/business plans and project pitching, and training workshops and seminars on addressing commercialisation strategies, provided by industry experts.

VOUCHERS FOR BUSINESS SUPPORT!

Selected projects will be provided with the opportunity to receive business coaching & mentoring by industry experts.

BROKERAGE, PARTNERING, INVESTMENT AND NETWORKING EVENTS!

Selected projects will also be invited to events where they can meet, network and establish collaborations with all actors from the Marketplace.

Testimonials

"I participated in a UTILE event where AdaptVac' Her2 cancer vaccine project benefited from free training on IPR, funding and commercialisation routes. We also received training on how to deliver an effective pitch in order to secure venture funding. It was a useful event to attend, as UTILE provided us with the opportunity to pitch and get feedback on our technologies from international investors and experts."
